Item #54113, Amana Tool Carbide-Tipped Classical Raised Panel 5/32 Radius x 3-9/16" Dia x 1/2" CH x 1/2" Shank \$153.74

Thank you for shopping with us! Amana Tool Carbide-Tipped Classical Raised Panel 5/32 Radius x 3-9/16" Dia x 1/2" CH x 1/2" Shank Create raised panels for cabinet doors, frame-and-panel furniture, and architectural paneling. The cutter forms a fillet to delineate the raised field, a shaped band around the field, and an integral tongue to fit the panel groove in the frame members. The profile contour and the reveal width varies. All tools have 1/2" shanks. Must be used in a table-mounted 3+ horsepower router and run at reduced speed. Use these bits for panels with curved edges. Multiple passes recommended.

54113
