Item #54270, Amana Tool Carbide-Tipped Multi-Sided Glue Joint 67.5/22.5 Deg x 1-5/8" Dia x 1-1/4" CH x 1/2" Shank - 16-Sided

Thank you for shopping with us! Amana Tool Carbide-Tipped Multi-Sided Glue Joint 67.5/22.5 Deg x 1-5/8" Dia x 1-1/4" CH x 1/2" Shank - 16-Sided If you are looking for a better way to construct multi-sided boxes, planters, and columns, then you can stop looking. With these bits, there's no need for complex miters and time-consuming set-ups. Instead, simply choose the bit based on the number of sides on the box, rout the joint, and assemble. Unlike a miter joint, the joint created by these bits aligns itself. And the joint stays in alignment while gluing—no more slipping and sliding out of position.

| SPECIFICATIONS | |
