### **Item #5433, Vortex Series 5400 1/4 x 3/4 Single Edge O Flute Straight \$26.92**

Thank you for shopping with us!

O Flute tools create the perfect curled chip that allows softer plastic to be cut without chip re-welding. Ideally suited for plastic materials that form curled chips as opposed to fractured chips. The straight flute design does not impart "up" or "down" forces into the routed part so it is ideally suited for irregularly shaped parts not capable of being thoroughly held in place by vacuum or fixturing.
