Item #55211, Amana Tool Carbide-Tipped 82 Degree Countersink #10 Screw 1/2 Dia x 3/16 Drill Dia x 3/8 Round Shank

$47.74

Thank you for shopping with us! With slow spiral, HSS M2 DIN 338 fully ground drill. Used to countersink holes for the heads of screws in woods, plastic, and non-ferrous materials. The 2-flute integral design ensures uniform and concentric results every time. Carbide tips provide chip-free hole edges and last at least 40 times longer than steel countersinks. Available in a wide variety of sizes; complete with the HSS M2 fully ground drill bit. Excellent for drilling: natural woods, man-man boards, MDF, chipboard, plywood, aluminum/non-ferrous, aluminum composite material (ACM), composite decking materials. Warning: When drilling aluminum/non-ferrous materials, for optimal results and extended tool life use lubricant or air cooling. Make sure the material is fixed and drill is stable during drilling.
