### **Item #55312, Amana Tool Carbide-Tipped 45° Miter Joint Under-Cut Assembly 4-Wing w/ " Ultra-Glide™ " Ball Bearing Assembly 1 3/8" Dia x 1/4" x 1/4" Shank**

**\$61.16**

Edge of Arlington offers free shipping in the United States when you choose flat rate shipping

Eliminate that dark line at the edge of a counter or other laminate-covered surface. With this bit assembly, the laminate cemented to the substrate can be trimmed and mitered in one pass. Then a pre-mitered edging strip can be applied. The resulting seam is clean and crisp. Not intended for use in a laminate trimmer.

**A** - Laminated top is " undercut"

**B** - Apron laminate is pre-cut at 45°

**C** - Adhere pre-cut laminate for a perfect fit. A fine file may be used to remove the sharp edge after joining
