\$47.63

Thank you for shopping with us!

Amana Tool Carbide-Tipped Corner Rounding with Ultra-Glide Ball Bearing Guide Solid Surface 1" Dia x 1/4" Radius x 1/2" Shank

Use this bit for rounding edges where there's access to a flat surface for the Ultra-Glide™ non-marring bearing to reference. Used in concert with either the Countertop ("No Drip") Design bit or the corner rounding bit with a radius bearing, this bit will produce a no-drip edge or a bullnose in two passes.
