Thank you for shopping
with us!

Special Hi-Tungsten and Hi-Molybdenum tool steel, gold surface treated for maximum lubricity. For general use in production tapping or hand operations. Precision ground threads for the ultimate in accuracy and performance. Taper, plug, and bottoming styles provide great versatility in tough materials, both blind and through holes. These high performance taps are available in complete sets of one taper, plug, and bottoming tap of the same size.

**Includes one of each
size**

Taper Style: Starts the thread square with workpiece. Plug Style: Generally used in thru holes or in blind holes with sufficient clearance. Bottoming: Generates the thread to the bottom of blind holes.
