Item #610601, Amana Tool Carbide-Tipped Heavy Duty General Purpose 10 Inch Dia x 60T TCG, 10°, 5/8 Bore \$84.55

Thank you for shopping with us! While this blade handles general trimming and crosscutting of hardwood and softwood, plywood and composition materials, it excels at cutting single- or double-sided plastic laminated material. It leaves a smooth clean chip-free finish on the top and bottom edges. The blades in this series feature a high tooth count, triple-chip grind, and a 10° hook angle (with the exception of #694001, which has a 15° hook angle) for a successful compromise between feed effort and cut finish. **Warning:** Before use, read saw blade safety guidelines in [Amana's catalog](#).

SPECIFICATIONS	
Diameter	10 in (250 mm)
Bore	5/8 in
