Item #61550, Amana Tool 125mm (5 in) x 20mm (7/8) x 1-1/4 Bore Stile & Rail Bead & Cove (Industrial)

Thank you for shopping with us.

Two-piece steel cutterhead set complete with four tungsten carbide tips. Suitable for producing complete 'stile & rail' joints in softwood, hardwood, and man-made boards on a spindle molder. Reversing the cutters on the spindle molder make both the stile and rail. Set comes with necessary washer and ball bearing guide.
