Item #8004750, Whiteside Machine 4 3/4" Self Clean™ Hole Saw - Carbide-Tipped \$309.67

Edge of Arlington offers free shipping in the United States when you choose flat rate shipping. The Self Clean™ Hole Saw brings about a new generation of hole saws. Marine manufacturers were consulted in their development. The tool saws faster than conventional hole saws plus saves additional time because the plug falls out of the tool when the cut is finished. Made from high grade steel, carbide-tipped, and produced specifically for cutting fiberglass. The quick change system further increases productivity when moving from one hole size to another. Can be resharpened or re-tipped. **Note: -Kits are available & [Quick Change Shanks](#) are extra. [800K](#) Kit for the Self-Clean Hole Saws and [808K](#) Kit for the [Deep-Cor Hole Saws](#).**
