Item #810-104, Mastercut 2 Flute Compression (High Wear)

\$128.89

Thank you for shopping with us!

Material Finish-Top: Excellent
Material Finish-Bottom: Excellent

2 flute routers work well with harder materials, providing an excellent finish to the material.

Endmill Points are most often found on 3 and 4 flute routers. They are good for achieving a smooth finish on a flat bottom surface, and are commonly used in the plastic routing industry.

Compression routers are best used when both top and bottom finish are important. They are best used with material that has laminate on both the top and bottom. Chips flow in a sideways direction.

SPECIFICATIONS	
Diameter	1/2 in
Cut Height, Length, or Width	7/8 in
End Pt Type	Endmill
Flute Geometry	Compression
Flute	2
Helix Angle	30 deg
Overall Length	3 in
Shank	1/2 in
Manufacturer	Mastercut
