Item #815-210, Mastercut 3 Flute Upcut High Helix Ripper **\$265.47**

Thank you for shopping with us!

Material Finish-Top: Poor
Material Finish-Bottom: Excellent

Endmill Points are most often found on 3 and 4 flute routers. They are good for achieving a smooth finish on a flat bottom surface, and are commonly used in the plastic routing industry.

Upcut routers are used when a good bottom finish is desired on the material. Chips flow in an upward direction.
