Thank you for shopping with us!

Series 8500 multi-profile insert tools are designed to take a full pass and have .005" fit tolerance between cope and stick patterns. [Door profiles](#) are available. Insert bodies are balanced to a G2.5 or better rating and can be used on conventional CNC routers. One set of inserts is included with the purchase of the body. These cutters are available in either a 3/4 straight shank or an integrated HSK63F taper.
