### **Item #9080, Vortex Tool Series 9000 Three Flute 3/4" x 2" Low Helix Rougher** **\$394.25**

Edge of Arlington offers free shipping in the United States when you choose flat rate shipping.

Three flute roughing tools are designed for high feed rates on CNC routers and are used when surface finish is not important in dense materials such as hardwood and plywood. Our 9000 Series is a new rougher design that runs quieter and leaves less of a "rippled" edge.
