Item #9555, Vortex Tool Series 9500 Three Flute 1/2" x 1 1/4" Low Helix Chipbreaker \$98.60

Thank you for shopping with us!

The combination of the low helix and new-style chipbreakers make these tools run quieter and last longer as they break the chips even smaller. Chipbreakers are staggered on each flute to produce a smooth cut, but may leave visual lines in some situations. Chipbreaker tools are recommended for hardwood, plywood, and dense material where higher feed rates are required.
