Item #AMS-126, Amana Tool 5-Piece Spiral Flute Plunge Downcut Inlay Router Bit Set
$143.48

Thank you for shopping with us! Spiral-flute bits combine a shearing action in cutting with an augering action in chip clearance. The shearing action yields an especially clean accurate cut while the augering action clears chips from the cut. The 'downcut' cuts from the surface down leaving a smooth edge at the surface. Special unique carbide grade increased clearance geometry and razor-sharp cutting edges with polished flutes provide a superior finish and longer tool life especially in abrasive materials. Great for production settings and excellent for creating grooves and dado cuts in particleboard, plywood, laminate, and wood. Primarily used on CNC machines and other automatic routers. Can be used with handheld and table-mounted portable routers. Excellent for cutting: Laminate MDF/HDF Veneered Plywood Wood

SPECIFICATIONS	
Manufacturer	Amana Tool
Part Desc	Spiral Flute Plunge Downcut Inlay Router Bit Set
Includes	46229, 46231, 46237, 46239, 46227
No. of Pieces	5
