Item #AS-AHRK, Danair Rebuild Kit for AH-15 & AH-TM \$94.95

Thank you for shopping with us! Includes all internal rubber and urethane parts the tool requires. Also includes AS-OK151 O-ring kit, 158 valve, and 161 exhaust seat. Performance - the Danair, Inc. AH-15 Auto-Hammer® has no trigger. Hammering action begins with a light pressure on the working surface and stops when lifted away. The AH-15 Auto-Hammer® will deliver over 1000 blows per minute! Quality - Since 1967 Danair products have been made in the U. S. with only the finest materials. Anytime during the lifetime of the tool if a failure occurs because of workmanship or defective materials, Danair, Inc. will repair or replace that tool. Flexibility - The AH-15 Auto Hammer® has interchangeable hammer tips to handle soft woods and plastics to hard metals like steel. The AH-15 Auto-Hammer® is easily held in the palm of the hand and weighs only 2 lbs. Danair, Inc. Products are proudly made in the U. S. backed by a Large Dealer Network and a Reliable, Responsive Manufacturer.

- Operating pressure: 50-125 PSI.
- Air consumption: 2-4 CFM.
- Over 1,000 blows per minute.
- No swinging, replaces a wide variety of cumbersome hammers and mallets.
- Versatile, interchangeable tips of super-soft to hard plastic, steel and aluminum.
- Weight: 2.0 lbs.
