Item #BP-18505, Tenryu Board Pro Plus 7 1/4" Dia 5-Tooth FTG Saw Blade

$66.60

Thank you for shopping with us!

Circular Saw. Miter Saw.

The best choice for long lasting performance when cutting fiber cement board—fiber cement board is a very abrasive material that quickly wears down normal carbide.

Tenryu Board-Pro Plus:

Incorporates PCD (Poly-Crystalline Diamond) tips for longer life.

-Perfectly tensioned, hardened tool steel plates for flat, true run.
-Select quality PCD-faced tips for longer life.
-Extra long blade life.
-Lower cost per cut!
-Less dust than traditional blades produce.
-Designed for cutting multiple stacked sheets.
