### Item #D0724W, Diablo 7-1/4" x 24 Tooth Wormdrive Framing Blade w/Tracking Point™ Tooth Design - Pack of 10

**\$119.30**

Thank you for shopping with us.

Diablo's next generation 7-1/4" 24T Wormdrive Framing Blade with new Tracking Point™ Tooth design delivers maximum life and durability with effortless cutting performance. Up Your Cutting Game with this one-of-a-kind Tracking Point™ tooth grind for unmatched cutting performance and efficiency. This is the only 7-1/4" blade on the market to include Tracking Point™ Tooth design, making it ideal for framers, roofers, remodelers, concrete formers, or anyone who wants ultimate cutting performance in pressure treated wood, 2x lumber, plywood, hardwoods & softwoods. With 5 times the cutting life performance compared to other framing blades, you save money.

Tracking Point™ tooth design provides straight cuts & controls carbide wear for up to 5x longer cutting life vs other blades; 2X the durability in nail-embedded wood.

Tracking Point™ tooth design also delivers extreme cutting efficiency in corded and cordless saws (65% more cuts per battery charge in cordless saws versus other blades).

Newly Enhanced Anti-Vibration design provides the ideal combination of stability and rigidity.

Perma-Shield® non-stick coating resists heat, gumming, and corrosion. Laser-cut thin kerf for less resistance and greater cutting efficiency.

Ideal For: General construction applications, framers, roofers, remodelers, and concrete formers

Suggested Projects: Framing, Remodeling/Demolition, Siding/Decking, Masonry/Concrete Forming, Landscaping
