### Item #D1040A, Diablo 10" x 40 Tooth General Purpose Saw Blade - 5 Bulk Pack

**\$194.65**

Thank you for shopping with us!

Diablo's general purpose blade is ideal for cutting oak, pine, plywood, pressure-treated lumber, and beams. An excellent choice for table & miter saws, Diablo's blade leaves a smooth cut in a variety of applications, reducing the need to change blades between tasks. Use it for rip cuts with a smoother finish than dedicated ripping blades, or make quality crosscuts in solid wood or plywood. Great for both sliding and "chop" style miter saws as well as table saws.

TiCo™ Hi-Density carbide specifically designed for each application to increase performance

Perma-SHIELD® Non-stick Coating protects from heat, gumming, and corrosion

Super thin laser cut kerf for fast, durable, and clean cuts

Tri-metal shock resistant brazing allows carbide tips to withstand extreme impact for maximum durability

Hardened Steel Body—warrants a longer life and sharper cutting edge.

Ideal for: High quality general purpose crosscuts and rip cuts in wood, plywood, and OSB

Suggested Projects: Remodeling/Demolition

SPECIFICATIONS	
<b>Manufacturer</b>	Diablo Tools
<b>Arbor</b>	5/8 in
<b>Diameter</b>	10 in
