D1080X

Item #D1080X, Diablo 10' x 80 Tooth Ultra Finish Saw Blade

\$65.17

Thank you for shopping with us!

Ultra Finish blades let trim crews get the most out of sliding or “chop” style miter saws, as well as jobsite or workshop table saws. The special cutting geometry and high tooth count produce extremely smooth cuts while minimizing “grabbing” or blowout. Flawless crosscuts in wood with minimal rework. Flawless finish in melamine & veneered plywood.

TiCo™ Hi-Density carbide specifically designed for each application to increase performance
Perma-SHIELD® Non-stick Coating protects from heat, gumming, and corrosion
Super thin laser cut kerf for fast, durable, and clean cuts
Tri-metal shock resistant brazing allows carbide tips to withstand extreme impact for maximum durability
Hardened Steel Body—warrants a longer life and sharper cutting edge.

Ideal for: fine finish crosscuts in hardwoods and softwoods. Chip-free cuts in veneered plywood, melamine, and MDF

Suggested Projects: Trim, Remodeling/Demolition

SPECIFICATIONS

Manufacturer	Diablo Tools
Arbor	5/8 in
