Item #DBX045063101C, Diablo® Tools 4-1/2 in. Type 1 Masonry Cutting for X-Lock and All Grinders - 25 Pack \$51.75

Thank you for shopping with us!

Diablo's premium thin kerf masonry cutting discs deliver superior performance and increased productivity to allow your tool to work at its full potential.

Features a premium silicon carbide blend for fast material removal and long cutting life. Designed to be backwards compatible, these discs work with X-Lock and 7/8 in. arbor angle grinders when cutting metal and stainless steel.

Premium silicon carbide blend for fast material removal and long cutting life

Fully reinforced when working in hard-to-reach areas

Thin kerf design provides for a thin cut, resulting in less power draw and less resistance

Cuts masonry applications such as: concrete brick, cinder block, cement, paver stones

Backwards tool compatible.

Designed for use on X-Lock and 7/8 in. arbor angle grinders

No extra parts needed to attach to X-Lock grinder

Simply snap onto or pull lever to release from X-Lock grinder

Max RPM of 13,280

Ideal For: Medium Duty

Suggested Projects: Smoothing Welds, Metal Removal, Metal Beveling
