Item #DHS2250CTR, Diablo 2 1/4" Demo Demon® Carbide Teeth Rough-In Hole Saw

\$39.72

Thank you for shopping with us! Diablo's new range of high-performance Demo Demon® carbide teeth rough-in hole saws deliver 50X longer cutting life, faster cutting performance, and maximum productivity in tough material, including nail-embedded wood, clean wood, drywall, shingles, fiber cement, and more. An optimized carbide tooth geometry provides up to 5X faster holes than other hole saws. Unlike anything on the market, Diablo's hole saw system and universal mandrel design simplify the attachment process for fast and efficient hole saw mounting. These radical new hole saws provide ultimate cutting length to bore deeper holes in a single pass, tool-free plug. Diablo's hole saws are compatible with Diablo's SnapLock™ PLUS mandrel resulting in quick, easy, and effortless cup changes. Enhanced carbide teeth for up to 50X longer cutting life versus standard hole saws. Optimized hole saw body and tooth design delivers up to 5X faster holes with less effort and downtime 60mm (2-3/8") cutting depth vs 40mm (1-5/8") in standard hole saws resulting in 40% deeper holes in one pass. Compatible with Diablo's SnapLock™ PLUS mandrel for quick and easy cup changes with no down time. Tool-free plug ejection for fast material removal and less clean up. Mandrel fits all Diablo hole saws, from 5/8" to 6" diameter. Drills rough in material including drywall, nail-embedded wood, clean wood, shingles, and fiber cement. For use with right-angle or hand-held drills.
