TOOLS

Item #DMACW0450, Diablo Tools 4-1/2 in Diamond Cup Wheel for Masonry **\$88.11**

Thank you for shopping with us!

Diablo's diamond cup wheels provide extreme durability, faster cuts, and longer life in concrete grinding applications. These superior performing diamond cup wheels deliver up to 3X faster material removal versus standard diamond cup wheels. Extra-wide slots provide maximum dust extraction while the L-shaped diamond segments avoid gouging and swirl marks.

Industrial-grade diamonds deliver lasting durability and maximize quality in extreme applications.

L-shaped diamond segments for a clean, smooth finish with fast grinding action and long wheel life

Extra-wide slots deliver efficient dust extraction

Optimized L-shaped diamond segments and diamond distribution lead to constant diamond exposure for maximum performance in concrete grinding applications

For dry grinding

SPECIFICATIONS	
Diameter	4 1/2 in
Manufacturer	Diablo Tools
Application	Masonry Grinding
Arbor	5/8 in - 11 thread
Rim Design	Cup Wheel
RPM	13,280
