Item #DMADS0400, Diablo Tools 4 in. Diamond Segmented Cut-Off Discs for Masonry **\$22.54**

Thank you for shopping with us!

Diablo's diamond segmented masonry cut-off discs provide extreme durability and longer life in concrete, concrete with rebar, brick and cinder block.

These diamond-rimmed discs deliver up to 2X longer cutting life versus standard diamond cut-off discs. The disc's industrial-grade diamonds with hardened disc body delivers lasting durability and maximizes cutting quality in hardened materials even in extreme applications.

Taller segments containing superior quality diamonds along with an ultra-durable bond to the disc body for up to 2x longer life. Hardened disc body absorbs vibration and increases impact resistance to deliver superior quality cuts in hardened materials. Optimized diamond segments and diamond distribution lead to constant diamond exposure for maximum performance in high speed cutting applications.

Compatible with 7/8", 20mm, and 5/8" arbors

Includes two bushings: 20mm and 5/8"

For dry and wet cutting

Max RPM of 15,250

SPECIFICATIONS

Arbor	7/8 in, 20mm, 5/8 in
Kerf	2.2 mm
Rim Design	Segmented
RPM	15,250
Manufacturer	Diablo Tools
