Item #DMADST0500, Diablo Tools 5 in. Diamond Segmented Turbo Cut-Off Disc for Masonry **\$35.36**

Edge of Arlington offers free shipping in the United States when you choose flat rate shipping.

Diablo's diamond segmented turbo rim masonry cut-off discs provide extreme durability, faster cuts, and longer life in concrete, concrete with rebar, brick and cinder block.

These diamond-rimmed discs deliver up to 30% faster cuts versus standard diamond cut-off discs. The disc's industrial-grade diamonds with hardened disc body delivers lasting durability and maximizes cutting quality in hardened materials even in extreme applications.

Diamond segment SPEED-Edge slot design reduces vibration, providing high cutting speeds that deliver up to 30% faster cuts than standard segmented diamond discs
60% taller segments containing superior quality diamonds along with an ultra-durable bond to the disc body for up to 4x longer life
Hardened disc body absorbs vibration and increases impact resistance to deliver superior quality cuts in hardened materials
Optimized diamonds segments and diamond distribution lead to constant diamond exposure for maximum performance in high speed cutting applications

Compatible with 7/8", 20mm and 5/8" arbors

Includes two bushings: 20mm and 5/8"

For dry and wet cutting

Max RPM of 12,200

SPECIFICATIONS

Manufacturer	Diablo Tools
Arbor	7/8 in, 20mm, 5/8 in
Recommended For	Concrete, Reinforced Concrete, Brick, Cinder Block
Kerf	2.4 mm
Rim Design	Segmented Turbo

SPECIFICATIONS	
RPM	12,200
Size	5 in
