Thank you for shopping with us!

Diablo's SDS-Plus 2-cutter carbide-tipped hammer bits provide one of the fastest and longest lasting drilling solutions on the market for concrete.

Optimized with a unique brazing and hardening process, the carbide tips extend life and productivity, allowing users to drill fast, accurate holes. The Peak Point tip design allows for aggressive starts that produce clean, fast holes for common-sized anchors. Optimized for maximum performance in corded and cordless SDS Plus rotary hammers.

Diablo made Dura-Carbide™ withstands impact and high heat applications, dramatically extending life versus standard hammer bits

Peak Point Tip design for aggressive starts that produce clean, fast holes

Optimized brazing and hardening process extends life of carbide tips and increases productivity

Optimized four-flute design removes dust faster, keeping the carbide tips cooler for ultimate strength and durability
