Item #DMAPLCC1010, Diablo Tools 1 in. SDS-Plus Thin Wall Carbide-Tipped Core Bit

\$45.29

Thank you for shopping with us! Diablo's SDS-Plus Thin Wall Core Bit range provides one of the fastest and longest lasting coring solutions on the market for concrete applications. Optimized with a unique brazing and hardening process, the carbide tips extend life and productivity, allowing users to drill fast, clean holes. Two ejector holes provide, if needed, easy removal of core. Optimized for maximum performance in corded and cordless SDS Plus rotary hammers. Carbide teeth withstand impact and high heat applications for superior life and productivity versus standard core bits. Carbide teeth produce fast, clean holes. Ejector holes for easy core removal. 3 in. cutting depth. Compatible with Diablo SDS-Plus pilot bits and extensions. Maximum performance in cordless and corded SDS-Plus rotary hammers.
