Thank you for shopping with us!

Diablo's SPEEDemon™ Red Granite PLUS™ Carbide-Tipped Hammer Drill Bits provide one of the most durable, fastest, and up to 4X longer lasting drilling solutions for concrete, masonry, and stone. Optimized with a unique brazing and hardening process, the impact resistant carbide tip withstands heat, thereby allowing professionals to drill fast, accurate holes.

The multi-ground Grip Point Tip PLUS™ design enables aggressive starts that produce clean, fast holes. Impact Strong™ maximizes performance by increasing shank stability and durability in cordless and corded impact and drill drivers.

-Diablo made carbide tip withstands impact and high heat applications for up to 4X longer life than standard masonry hammer drill bits.

-Grip Point Tip PLUS™ delivers stability and accuracy required for fast, precise holes.

-Hi-performance brazing and hardening process extends the life of carbide tip, thus increasing productivity.

-Optimized "u-flute" design removes dust faster, keeping the carbide tip cooler for ultimate strength and durability.

-Impact Strong™ increases shank stability and durability.

-Optimized design for more holes per charge in cordless hammer and rotary drilling applications.

-Hex shank provides a universal tool fitment while also eliminating spinning in the chunk for ultimate stability and impact resistance.

-Maximum performance in hammer or rotary drilling applications.

-Ideal for concrete, masonry (brick & block), stone, marble, and granite.
