Item #DOU125LCGP, Diablo Tools 1-1/4"(w) x 2-1/8"(d) AMPED™ Demo Demon™ Universal Fit Carbide Teeth Oscillating Blade for General Purpose Cuts \$26.88

Thank you for shopping with us!

Diablo's AMPED™ Demo Demon™ universal fit carbide oscillating blades feature application specific designs that deliver extreme durability and superior cutting life in general purpose cuts: nail-embedded wood, clean wood, metal, and plastics. High performance TiCo Hi-Density carbide teeth deliver an unmatched up to 50X longer cutting life versus standard bi-metal blades. Curve contact edge creates a pilot for precise, clean plunge cuts with less vibration.

An optimized blade design and Black I.C.E. (Industrial Cooling Element) coating protects cutting edge against wear for extreme durability and longer blade life. The blade's universal fit and adapter-free design easily attaches to most tools, with the exception of Starlock tools.

High performance TiCo Hi-Density carbide teeth for greater durability and up to 50X longer life versus standard bi-metal blades

Curve Contact Edge for precise, clean plunge cuts with less vibration

Black I.C.E. coating protects cutting edge against wear for extreme durability and longer blade life

Universal interface design fits most tools, no adapters needed

Maximum performance in cordless and corded oscillating multi-tools from

Bosch®, Craftsman®, Dewalt®, Dremel®, Fein®, Hart®, Makita®, Milwaukee®, Porter-Cable®, Ridgid®, Rockwell®, and more

Not compatible with Starlock tools

SPECIFICATIONS

Manufacturer	Diablo Tools
Application	Multi-Material Cutting
Interface	Universal Fit
Cut Depth	2 1/8 in
Tooth Design	Carbide
Type	Curve Contact
Width	1 1/4 in
Pack Quantity	1
