### Item #DS0414BF2, 4in Diablo Bi-Metal Recip Blade for Medium Metal Cutting (1/16in to 5/16in ) - 5 Packs of 2 Blades \$27.90

Thank you for shopping with us! Diablo Bi-Metal Reciprocating Blades deliver 5x the performance of standard blades. The ultra hardened edge is created through a unique heat treatment process that optimizes the bi-metal teeth durability. Diablo's next generation reciprocating saw blades with Full Contact Arched Design are specifically designed for maximum performance in metal cutting applications. The blade's Full Contact Arched Design with ultra hardened cutting edge provides faster cuts in fewer passes, resulting in less heat buildup to deliver 5x longer cutting performance than those of standard blades. Full Contact Arched Design provides more working teeth within the material for faster cuts in fewer passes, resulting in less heat buildup to deliver 5x longer cutting performance. Dual Tooth design features a double tooth configuration with small gullets for faster material removal and extra durability. Perma-shield® coating protects the blade from heat, gumming, and corrosion. 1" Demolition body for straighter cuts with less vibration.
