Item #DS0656BWR5, Diablo Tools 6" 6/12TPI Bi-Metal Reciprocating Saw Blade for Rough-In/Scrolling (5-Pack)

\$14.53

Thank you for shopping with us!

Diablo's bi-metal reciprocating saw blades for rough-in and scrolling applications are specifically designed for maximum performance and superior results in radius cutting. These high-performance blades feature bi-metal technology that delivers up to 5X longer life compared to standard blades. An optimized tip design provides fast plunge capabilities, saving time and effort. The tapered blade body makes clean cuts possible during tight scrolling applications. Perma-SHIELD® non-stick coating reduces friction by preventing gumming and friction for fast, effortless cuts in nail-embedded wood and clean wood.

- Ultra-hardened cutting edge for up to 5X longer life than standard blades.

- Strengthened blade body for scrolling and radius cutting applications.

- Tapered blade body design for tight scrolling and clean cuts. Perma-SHIELD® coating protects the blade from heat, gumming, and corrosion.

- Ideal for nail-embedded wood and clean wood.
