Item #FB-006, 7/8" Diablo Tools Forstner Bit \$11.42

Thank you for shopping with us!

The Diablo 7/8" Steel Forstner Bit features double forged construction of high-speed steel. The bit drills straight, angled, or overlapping holes in all types of wood with minimal splintering.

Drills straight, angled, or overlapping holes in all types of wood

Quality forged construction of high-speed steel, instead of casting, strengthens bit for extended life

Steep, angled double-ground, razor-sharp serrated edges that slice throughout the rotation of the bit for less splintering and chipping

Drilled holes are smooth and flat, and create chisel-like curls for fast, clean chip removal

Ideal For: Drilling flat bottom holes, pocket holes, or overlapping holes.
