**Item #G101424, Everlast
Groover 10" Diameter 24-
Tooth 5/8" Bore 1/4" Kerf
- Square Face & Top
\$350.78**

Thank you for shopping with us!

A single purpose tool to be used when a specific width of groove is desired for production runs. Will give good finish cuts when run with grain of material.

Please call for: Different number of teeth, shear face, special designs, special bore size, alternate top grinds.

Straight Top Grind - STR - Each tooth will cut full kerf, making this design very effective for removing material however high cutting pressures are present. Typically used for rip cutting hardwood and softwood.
