### Item #GA1060R, Popular Tools 10 in General Purpose Alternate Top Saw

**\$76.50**

Thank you for shopping with us! These saws are designed for general sizing and cutting of natural woods. A higher number of teeth provides a finer edge to the cut, but should be used only on thinner material. The saw blades designated by the prefix GAM contain Micro-Sheen C-4 sub-micron carbide, which provides longer tool life. The blades designated by the prefix GAL have laser cuts in the body to help reduce noise.
