Glue Line Rip Saw - Triple Chip  
\$124.84**

Thank you for shopping with us! GL-series saws utilize a heavy plate and TCG grind to provide a smooth cut for all glue line applications on either straight or shadow line rip saws. For best results, use GL saws for rip cutting only. Modifications such as special grinds, bores, keyways, and pinholes can be provided on all GL and HD items. Triple Chip Grind - TCG - This design uses a trapezoidal tooth with 45 deg bevel on each side, which performs the cutting work followed by a lower STR tooth (raker) tooth for clean-out. Strong tooth design for cutting harder materials such as manmade laminates (single-sided) and non-ferrous materials. Can be used for rip cutting and cross cutting.

SPECIFICATIONS	
Manufacturer	Everlast
Diameter	10 in
Bore	70 mm
Grind	TCG
Hook Angle	20 deg
Kerf	0.145 in
Machine	--
Plate	0.095 in
Keyways	2 keyways - 20 mm W x 5 mm D
Teeth	30
