## Item #GTM3503054, Popular Tools 350mm General Purpose Saw - Triple Chip Grind $134.10

Thank you for shopping with us! These Popular Tools General Purpose Saws are designed for high production cutting of natural woods, plywood, chipboard, and MDF. The TCG teeth offer less wear than the ATB with nearly the same quality of cut.  Blades designated by the prefix GTM contain Micro-Sheen C-4 sub-micron carbide, which provides a longer tool life. The blades designated by the prefix GTL have laser cuts in the body to help reduce noise. Blades designated by the prefix GTM contain **Micro-Sheen C-4 sub-micron carbide, which provides a longer tool life.**
