Item #LU5F60001, Freud® 600mm dia, 30mm arbor,144 Teeth Saw Blade to Cut Non-Ferrous Metals & PVC: Series LU5F \$511.88

Thank you for shopping with us!

Machines: Automatic machines with single or double head Features: PYRAMID tooth design, an innovative geometry concept that significantly reduces the wear of the cutting edge. The super polished cutting edges further reduce the sticking of the aluminum chips to the surface. The Black EXrim coating directly expels the aluminum chips from the gullets. This avoids the chips from being welded with the steel body that make the surface dull.

Material: Aluminum and non-ferrous metals; PVC extruded profiles

Non-ferrous metals: Ultimate Plastic materials: Ultimate

PVC: High
