Item #LU82M010, Freud 10 in Dia, 5/8 in Arbor, 60 TCG Heavy Duty Multi-Purpose Blade : LU82M Series

$106.92

Thank you for shopping with us!

Application: For Long Life in Stacked Chipboard & Man-made Materials

This multi-purpose blade will cut stacks of man-made wood products as well as hardwood and softwood up to 2 3/4" thick. The blade's deep gullets and TCG rip and crosscut through hardwood and softwood with ease. Although the ideal working range is 1/2" to 2 3/4" thick, thinner or thicker materials may be cut with a result of some loss of surface finish.

Premium TiCo™ HI-Density Carbide General Purpose Blend for Maximum Performance. Freud-Made TiCo™ Carbide is durable and chemical-resistant for long life and razor sharp cuts. Laser-Cut Anti-Vibration Slots drastically reduce vibration and sideways movement in the cut, extending blade life and giving a crisp, splinter-free flawless finish. Silver Ice Coating resists corrosion and pitch buildup.

Ideal For: Stacked Chipboard and Man-made Materials. Crosscuts (1/2" to 2-3/4") & Rips (3/4" to 3/8").

***Tip**: Never use oven cleaner or other caustic substances to clean Freud saw blades.*

SPECIFICATIONS	
Diameter	10 in
Arbor	5/8 in
Kerf	.126 in
Plate	.087 in
Teeth	60 TCG
Type	Silver Ice
Manufacturer	Freud Tools
