Item #MD10-500, Amana A.G.E. Series Combination Saw blades, 4&1 Grind \$71.18

Thank you for shopping with us!

Rip/Crosscut Wood, Plywood, and Chipboard.

In many custom woodworking shops, one blade must cut a wide variety of materials. These blades will effectively rip or crosscut hardwoods, softwoods, as well as sheet goods such as plywood and particleboard. It features the time-tested combination blade design—four alternate top bevel teeth with a flat-top raker.

MD10-500 is one of Amana's most popular saw blades.

Warning: Not recommended for cutting non-ferrous alloys.
