Item #MD7-408, Amana A.G.E. Series Solid Surface Saw Blades: M-TCG Grind

\$64.58

Edge of Arlington offers free shipping in the United States when you choose flat rate shipping. Excellent for cutting solid surface materials such as Avonite®, Dupont Corian®, Wilsonart®, Gibraltar®, Earthstone®, Fountainhead®, Surrell®, Staron®, plastic laminate, Plexiglas®, and other acrylic based materials. The modified triple chip grind is especially configured to leave a swirl-free cut in solid surface materials. Thicker than normal steel plates reduce vibration that degrades the cut and shortens tool life. Suitable for a variety of saw configurations. The hook angle virtually eliminates self-feeding when used on a radial arm saws.

SPECIFICATIONS

Diameter	7 1/4 in
Bore	5/8 in
