Item #MS-050, Popular Tools 12 in Mitre Saw \$204.00

Thank you for shopping with us! Popular Tools MD & MS series saws are designed for mitre saw machines to cut molding or picture frame material. Saws with CTC (California Triple Chip) design are made to cut any wood or light metal without changing blades for different materials. For heavy aluminum or non-ferrous metals, refer to [Non-Ferrous Saws](#). **Notes: 10" and 12" mitre saw blades have 4 laser slots in the plate for vibration and noise control. In addition, the chromed body makes cleaning easy and rust free.**
