Item #PT-23040, Tenryu Power Tool Series Saw Blades for Miter & Slide Miter Saws

$58.50

Thank you for shopping with us! Miter Saw. Table Saw. The " PT" Series blades for miter and slide miter saws range in size from 8 1/2" for the popular Hitachi through 12" diameters. 14" blades for older saws can be found in our Pro Series for Wood. 15" miter saw blades are available in our Miter-Pro Series. NOTE: This series may also be used for crosscutting applications on table saws. Each blade features: -Thin kerf design is easier on miter saw motors and brakes. -Fully hardened, expertly tensioned tool-steel body. -Fine grain tungsten carbide tips with fine grit honing for keen edges. -Excellent price/value.
