### **Item #RD5200CB, Whiteside Machine Chipbreaker Spiral Bit 1/2 x 2 Downcut- Two Flute** **\$93.65**

Thank you for shopping with us! Each flute has small serrations to tear up the chips as the bit cuts through the project. Has a feed rate in between that of a roughing bit and a standard spiral bit. The downcut spiral design provides the best top surface edges, ejecting chips away from the router when routing through material. Also decreases the tendency to lift thin/small work pieces during CNC routing.

SPECIFICATIONS	
<b>Manufacturer</b>	Whiteside Machine
<b>Diameter</b>	1/2 in
<b>Cut Height, Length, or Width</b>	2 in
