Item #RSFO2006-U1, FS Tool Plastics - Aluminum O Flute Router Bit

\$68.24

Thank you for shopping with us!.

Highly polished and engineered with a more structurally stable cutting edge to take on multiple material types.

These are not your typical O Flutes. We've made them our way.

Feed Direction-

Acrylic: Conventional (cutting against the feed direction)

Aluminum: Climb (cutting with the feed direction)

Optimal Finish-

Minimize recutting of chips to prevent rewelding and offset each sizing pass away from the finished edge. Then on the final pass, perform a full depth cut with no offset to release the part.

SPECIFICATIONS
