Item #TCMK1650T, Everlast Truss & Component Saw - 16" Dia 50-Tooth 1.125" Bore 0.146" Plate 0.202" Kerf \$326.92

Thank you for shopping with us!

These saws are the workhorses of truss plants and are designed to provide a long service life and excellent cutting performance. Countersunk (80°) holes will accept 5/16" flat head bolt.

Triple Chip Grind - TCG - This design uses a trapezoidal tooth with 45 deg bevel on each side, which performs the cutting work followed by a lower STR tooth (raker) tooth for clean-out. Strong tooth design for cutting harder materials such as manmade laminates (single-sided) and non-ferrous materials. Can be used for rip cutting and cross cutting.
