NEW

Item #TRS-290, Amana Professional Quality 3-Piece Entry & Passage Door Making Router Bit Set

\$291.20

Thank you for shopping with us! All Timberline® Sets are packaged in a beautifully designed storage case to keep your bits safe, clean, and easy to find for many years of use. The TRS-290 set is designed for 1 3/8" thick passage doors and pre-assembled for 1 3/4" thick entry doors. The Timberline® Extended Tenon Door bits are an effective way to produce stile and rail architectural doors with authentic mortise and tenon joinery. The bits can be adjusted simply by removing or adding the extra cutter. Also, shims are provided so that you can fine-tune the fit if necessary.

Recommended Tool

Timberline #609-120.
For the through mortises on the lock rail cut from each edge of the stock.

. 1/2" Shank Professional Quality Carbide-Tipped Custom made hardwood storage case included
[TRS-90 Instructions \(PDF\)](#)
