Item #UDFT2100, Whiteside Machine Solid Carbide Flush Trim 1/4 x 1 Up/Down Compression Spiral Bit (2+2 Compression) 1/4 Shank \$56.31

Thank you for shopping with us! This spiral bit offers state-of-the-art results in flush trimming. The 1/4" diameter is great for inside corners. Made from solid carbide, each bit has upcut & downcut flutes and is tipped with a double ball bearing guide. This flute design creates a compression cut that prevents fraying and splintering. Compression spirals will save you time and money on finishing your project edges by reducing sanding time.
