Item #UDFT9213, Whiteside Machine Ultra-Long Ultimate Flush Trim 1/2 in Shank Router Bit **\$284.75**

Thank you for shopping with us! The Ultimate Flush Trim Bits for material up to 2 1/8" thick. The 'Ultra-Long ULTIMATE' Flush Trim Bit has a compression design to provide the best performance and quality on thicker stock found on our Classic Ultimate Bits. These bits leave a crisp, clean edge on both the top and bottom edge of the workpiece, even in difficult wood grains. Features a top bearing for template work. For best performance, use the shortest cut length needed for the application. Materials: Natural woods, composite woods
